

July 2015 BOM

**Duck and Ducklings**

**Block 12" finished, 12 1/2 " unfinished**

1. Cut 4 - 2 7/8" background squares (white or white-on-white) and 5 - 2 7/8" dark pink squares.
2. Cut 2 - 5 5/8" squares in green and cut each square diagonally to give 2 triangles (for a total of four triangles).
3. Cut 2 - 3 1/4" purple squares and 6 - 3 1/4" background squares.
4. Draw a diagonal across the back of two of the white 3 1/4" squares.
5. Place the 2 purple squares right sides together with the 2 background (white squares ) from the previous step. Sew on either side of the diagonal line using a 1/4" seam allowance. Cut along the diagonal line and finger-press the seam to the white.
6. Cut the remaining 3 1/4" background squares in half along a diagonal. Using a scant 1/4" seam, sew a white triangle to each side of the purple/white square to form a large triangle. Finger-press the seams to the purple.
7. Matching on the large diagonals, sew each green triangle to a white/purple triangle and finger-press the seams to the green.
8. Since all bias edges have now been sewn, it is safe to press the square using an iron.
9. Sew each white square to a pink square and press to the pink. Join one pink/white patch to either side of the remaining pink square.
10. Sew the remaining pink/white patches to the green/purple/white squares.
11. Sew the resulting patches to the long/pink/white patch to form the block.
